Dear Mrs. West :

I regret that I have been unable to sell your pamphlets to the schools as I had planned and send you a check for \$55.00. However, I plan to work at the Museum for fifteen (15) days in December and as soon as I get my check from the State I will send you a check for \$55.00.

I want to thank you for the little booklet on St. Andrews which you gave me recently. I have really enjoyed reading it and when I work at the Museum I certainly will tell my visitors about the book and I believe you will have some calls for some at least I hope that you will.

I should receive my check around the 10th of January and when I do get it I will send you a check as I planned.

As ever, a friend

Eunice Brinson
